

PLEASE NOTE

Fountainhead master recordings have gone through many phases since the 1980s. From reel to reel tape, cassettes, DAT, DATA tapes, CDs, DVDs, hard drives, memory sticks and the cloud. Unfortunately not all recordings in the list below have survived through deterioration over time and playback machines no longer servicable. The **red files** unfortunately are not retrievable.

If you've lost an old recording I may be able to find it among the list below, but maybe not. Feel free to make contact and I'll see what I can do. Best to email through the website www.fountainheadmusic.com

Studio 01 – 28 (Cassette)
 Studio 29 – 70 (DAT)
 1995 - 2014 (CD)
 2015 – present (hard drive)
